Dear Mrs. Manley,

In June of 1942
My Mother wrote you in reference
to my getting a tryout with
your team.

She recieved your reply the
20th of June in the same year
requesting information of me and
that your team would be
in Washington on the 28th.
We talked with your Manager

(3.)
I am 23 years old, I
weight 156 pounds and I'm
5.9 in. in height.

For experience, well I've
been playing baseball since
I've been big enough. From
back alley baseball to organized
sandlot baseball.

In our section of town
we worked partly like big league.

We started from a midget
team and from there to the junior,
then to the senior team, that's

but it was ^(4.) too late in the
season for a tryout.

He said we should write
him next spring and maybe
the tryout could be arranged.

On the 28th of January I
was inducted in the Army
from which I returned 2
months ago.

If you are still interested,
here is that information
that you requested.

depending on ones⁽⁴⁾ ability. Just
like from minor to major league

I had been playing with
the seniors for 3 seasons until
I went into the service. There
I played for 3 seasons, winning
all three championships. One at
Camp Crowder and the other
two at Savannah, Georgia.

I hope to hear from you
soon.

Very truly yours
William Makell
